Ask your senior to drop
the CD/DVD in the
basket at the dance

Each year the final preparations for the Presentation Ball are kicked off with a gracious lunch with your Senior. This memorable event includes a slide show of our PV Assembly seniors. In order to prepare for it, we need your help. Please provide three (3) digital pictures showing your senior's coming of age, beginning with infancy through today. Roughly, they should cover three periods of development: a) age 0-6, b) 7-11, c) 12-17, and a fourth photo will be the PV Assembly senior photo which we will already have of your Senior.

Scan your pictures onto a CD/DVD. They should be scanned at 300 dpi or a maximum resolution of 2500 pixels wide (vertical or horizontal). Only digital images which are JPEG, TIFF, PNG, or PSD will be accepted. CVS can help if you do not have the equipment at home. The name of your senior must be written on the CD (use a Sharpie pen).

If you have questions, contact Mrs. Leilani Emnace at 310 877-3553, or email at dvd-photo_lws@pvassembly.com

Place CD/DVD (with name written on it) in an envelope and attach this form (please print) and then place in the basket
